

MyBizNest – Partner Project and StarTech Grant Recipient

We are pleased to inform you that the law firm **Tasić & Partners** has entered into a strategic partnership with **Gama Point d.o.o.** in connection with the development of the digital business application **MyBizNest**.

MyBizNest is an innovative application designed for entrepreneurs as well as micro and small companies, with the aim of integrating and simplifying key business processes – legal, financial, tax, and operational – through digital solutions tailored to the everyday needs of businesses. The MyBizNest concept was developed based on practical experience and many years of working with entrepreneurs and small businesses, with a clear objective of making legal and business support more accessible, transparent, and efficient.

We are particularly pleased to share the news that the **MyBizNest project has been awarded a StarTech grant**, one of the most significant support programs for innovative and technologically advanced projects in the Republic of Serbia. This

recognition represents strong validation of the quality of the idea itself, as well as of the shared vision and commitment of the team behind the application's development.

The awarded grant marks an important step in the further development of MyBizNest and enables the enhancement of existing features as well as the development of new functionalities, with the goal of positioning the application as a reliable business tool for day-to-day operations and informed decision-making.

We will keep you duly informed of all next steps, including the official launch of the application.
